

Index to Volume 11: Subject

Access to health care

- Community analysis: a collaborative community practice project (Barker et al) 113
- Description of the clinical practice of advanced practice nurses in family-centered early intervention in two rural settings (Kang et al) 376
- Traveling for care: factors influencing health care access for rural dwellers (Horner et al) 145

Acquired immunodeficiency syndrome

- Case-management of AIDS clients as a predictor of total inpatient hospital days (Twyman and Libbus) 406
- HIV and the work intentions of public health nurses (Tessaro and Highriter) 273
- Meaning and purpose in the lives of persons with AIDS (Coward) 331

Adaptation, psychological

- Daily stressors and coping responses: a comparison of rural and suburban children (Sorensen) 24
- Family goals as indicants of adaptation during chronic illness (Stetz et al) 385
- Meaning and purpose in the lives of persons with AIDS (Coward) 331

Adolescence

- Differences in social support and loneliness in adolescents according to developmental stage and gender (Mahon et al) 361

Advanced practice nurses

- Description of the clinical practice of advanced practice nurses in family-centered early intervention in two rural settings (Kang et al) 376

Aged

- An ecological approach to health risk: a case study of urban elderly homeless people (Reilly) 305
- Community determinants of health for rural elderly (Craig) 242
- Evaluation of group health promo-

- tion with community-dwelling older women (Ruffing-Rahal) 38
- Use of home care nursing resources by the elderly (Helberg) 104

Alcohol

- The substance abuse pandemic: determinants to guide interventions (Talashek et al) 131

Asia

- The effects of violence on health and adjustment of southeast Asian refugee children: an integrative review (Fox et al) 195

Assessment Protocol for Excellence in Public Health

- An information manager for the Assessment Protocol for Excellence in Public Health (Vaughn et al) 399

Birth

- Beyond rhetoric: building and achieving community consensus in planning and developing an innovative public health nurse-midwifery education program (Douglas et al) 181
- Mississippi public health nurses and midwives: a partnership that worked (Roberts and Reeb) 57
- Reducing prenatal risk and improving birth outcomes: the public health nursing role (Schmitz and Reif) 174

Breast neoplasms

- Breast self-examination beliefs: a descriptive study (Salazar) 49

Breastfeeding

- Breastfeeding: perceived barriers and benefits/enhancers in a rural and urban setting (Alexy and Martin) 214

Cardiovascular disease; see Heart disease

Caregivers

- Women as caregivers in the South, 1900-1945 (Newbern) 247

Case management

- Case management and preventive services among infants from low-income families (Erkel et al) 352
- Case-management of AIDS clients as a predictor of total inpatient hos-

- pital days (Twyman and Libbus) 406

Community health clinical experiences: the primary care setting (Kemp) 2

Child

- Cardiovascular health promotion in children: program and policy implications (Harrell and Frauman) 236
- Daily stressors and coping responses: a comparison of rural and suburban children (Sorensen) 24
- Description of the clinical practice of advanced practice nurses in family-centered early intervention in two rural settings (Kang et al) 376
- Effects of a community health nursing parent-baby (ad)venture program on depression and other selected maternal-child health outcomes (Vines and Williams-Burgess) 188
- The effects of violence on health and adjustment of southeast Asian refugee children: an integrative review (Fox et al) 195
- Health promotion in child and family health care: the role of Finnish public health nurses (Lauri) 32
- Immunization status of 2-year-olds in middle/upper- and lower-income populations: a community survey (Salsberry et al) 17

Chronic illness

- Family goals as indicants of adaptation during chronic illness (Stetz et al) 385

Collaboration

- Collaboration in investigator initiated public health nursing research: university and agency considerations (Oda et al) 285

Community leaders

- Influencing community leaders toward the promotion of prenatal care at the community level (Kozlowski and Zotti) 343

Computers

- An information manager for the Assessment Protocol for Excellence in Public Health (Vaughn et al) 399

Contaminants

- The role of the community health nurse in environmental health (Neufer) 155

Coping

- Daily stressors and coping responses: a comparison of rural and suburban children (Sorensen) 24
- Too many medications, too little money: how do patients cope? (Chubon et al) 412

Corrections

- Fantasies no more (Shamansky) (1994;11:65) 144
- Letter (White and Rosenkrands) (1994;11:142) 213
- HIV and the work intentions of public health nurses (Tessaro and Hightner) (1994; 11:273) 431

Correspondence

- Letter 142

Costs of health care

- Consistency and cost of home wound management by contract nurses (Turner et al) 337
- Too many medications, too little money: how do patients cope? (Chubon et al) 412

Cultures

- Culture sensitivity in assessing urban Native American parenting (Seideman et al) 98

Curriculum

- The new paradigm: concepts and application in community health nursing (Hays) 150

Delphi study

- Public health nursing research priorities: a collaborative Delphi study (Misener et al) 66

Depression

- Effects of a community health nursing parent-baby (ad)venture program on depression and other selected maternal-child health outcomes (Vines and Williams-Burgess) 188

Diversity

- A state of unlikeness: diversity (Shamansky and Graham) 369 (Editorial)

Drug abuse

- The substance abuse pandemic: determinants to guide interventions (Talashek et al) 131

Drugs

- Too many medications, too little money: how do patients cope? (Chubon et al) 412

Ecology

- An ecological approach to health risk: a case study of urban elderly homeless people (Reilly) 305

Editorials

- Change, change, change. . . (Graham) 205
- Community partnerships and medical models of health? I don't think so . . . (Schroeder) 283
- Fantasies no more (Shamansky) 65
- Public Health Nursing*: the second decade (Shamansky and Graham) 1
- Rural health care and health care reform (Knollmueller) 143
- A state of unlikeness: diversity (Shamansky and Graham) 369

Education

- Beyond rhetoric: building and achieving community consensus in planning and developing an innovative public health nurse-midwifery education program (Douglas et al) 181
- Community as client: a challenge for nursing education (McKnight and Van Dover) 12
- Community health clinical experiences: the primary care setting (Kemp) 2
- Environmental safety preparation for community-based nursing educational experiences: measurable indices (Carter et al) 300
- The new paradigm: concepts and application in community health nursing (Hays) 150
- Student experiential learning: a collaborative community practice project (Bayne et al) 426
- Teaching students to become active in public policy (Thomas and Shelton) 75
- Writing to learn in community health nursing: the aggregate (Bauermann and Schmelzer) 255

Elderly; see Aged**Environment**

- An ecological approach to health risk: a case study of urban elderly homeless people (Reilly) 305
- Environmental safety preparation for community-based nursing educational experiences: measurable indices (Carter et al) 300

Environmental tobacco smoke exposure among Hispanic women of reproductive age (Pletsch) 229

Public health: people participating in the creation of healthy places (Hudson-Rodd) 119

The role of the community health nurse in environmental health (Neufer) 155

Family

- Description of the clinical practice of advanced practice nurses in family-centered early intervention in two rural settings (Kang et al) 376
- Family goals as indicants of adaptation during chronic illness (Stetz et al) 385
- Health promotion in child and family health care: the role of Finnish public health nurses (Lauri) 32

Fathers

- New fatherhood: myths and realities (Hall) 219

Finland

- Health promotion in child and family health care: the role of Finnish public health nurses (Lauri) 32

Global health

- Public health: people participating in the creation of healthy places (Hudson-Rodd) 119

Health care reform

- Change, change, change. . . (Graham) 205 (Editorial)
- Community care management and the emergence of new partnerships for health (Russell) 140
- Fantasies no more (Shamansky) 65 (Editorial)
- Rural health care and health care reform (Knollmueller) 143 (Editorial)

Health policy

- Cardiovascular health promotion in children: program and policy implications (Harrell and Frauman) 236
- The effectiveness of community

- health nursing interventions: a literature review (Deal) 315
- Teaching students to become active in public policy (Thomas and Shelton) 75
- Health promotion**
- Cardiovascular health promotion in children: program and policy implications (Harrell and Frauman) 236
- The effectiveness of community health nursing interventions: a literature review (Deal) 315
- Evaluation of group health promotion with community-dwelling older women (Ruffing-Rahal) 38
- Health promotion in child and family health care: the role of Finnish public health nurses (Lauri) 32
- Influencing community leaders toward the promotion of prenatal care at the community level (Kozlowski and Zotti) 343
- Promoting prenatal care: what do community leaders know and believe about it? (community leader beliefs about promotion) (Zotti and Kozlowski) 206
- Heart disease**
- Cardiovascular health promotion in children: program and policy implications (Harrell and Frauman) 236
- Hispanics**
- A brief tale of summer (Averill) 127
- Environmental tobacco smoke exposure among Hispanic women of reproductive age (Pletsch) 229
- A primary health care approach using Hispanic outreach workers as nurse extenders (Bray and Edwards) 7
- Historical articles**
- Lena Angevine Warner: pioneer public health nurse (Greenhill) 202
- The meaning of holism in nursing: historical shifts in holistic nursing ideas (Boschma) 324
- School nursing in America—1902–1994: a return to public health nursing (Hawkins et al) 416
- Uniting the past and the future in public health nursing: the Michigan Oral History Project (Gates et al) 371
- Women as caregivers in the South, 1900–1945 (Newbern) 247
- HIV**
- Case-management of AIDS clients as a predictor of total inpatient hospital days (Twyman and Libbus) 406
- HIV and the work intentions of public health nurses (Tessaro and Highriter) 273
- Holistic medicine**
- The meaning of holism in nursing: historical shifts in holistic nursing ideas (Boschma) 324
- Home care**
- Consistency and cost of home wound management by contract nurses (Turner et al) 337
- The impact of home visits on enrollment patterns in pregnancy-related services among low-income women (Bradley and Martin) 392
- A primary health care approach using Hispanic outreach workers as nurse extenders (Bray and Edwards) 7
- The relationship between demographic characteristics and nursing problems in home health care (Glick) 259
- Use of home care nursing resources by the elderly (Helberg) 104
- Homeless persons**
- An ecological approach to health risk: a case study of urban elderly homeless people (Reilly) 305
- Community analysis: a collaborative community practice project (Barker et al) 113
- Hospitalization**
- Case-management of AIDS clients as a predictor of total inpatient hospital days (Twyman and Libbus) 406
- Immunization**
- Case management and preventive services among infants from low-income families (Erkel et al) 352
- Immunization status of 2-year-olds in middle/upper- and lower-income populations: a community survey (Salsberry et al) 17
- Infant**
- Case management and preventive services among infants from low-income families (Erkel et al) 352
- Effects of a community health nursing parent-baby (ad)venture program on depression and other selected maternal-child health outcomes (Vines and Williams-Burgess) 188
- New fatherhood: myths and realities (Hall) 219
- Unintentional infant injuries: socio-demographic and psychosocial factors (Harris and Kotch) 90
- Infant, low birthweight**
- A sociodemographic comparison of families of very low-birth weight infants: 1982–1991 (Gennaro et al) 168
- Infant, newborn**
- Influences on mothers' use of clinician help in the infants' first three months (Pridham et al) 80
- Mississippi public health nurses and midwives: a partnership that worked (Roberts and Reeb) 57
- Reducing prenatal risk and improving birth outcomes: the public health nursing role (Schmitz and Reif) 174
- Infant feeding**
- Breastfeeding: preceived barriers and benefits/enhancers in a rural and urban setting (Alexy and Martin) 214
- Information manager**
- An information manager for the Assessment Protocol for Excellence in Public Health (Vaughn et al) 399
- Injuries; see Wounds and injuries**
- Leaders in public health nursing**
- Lena Angevine Warner: pioneer public health nurse (Greenhill) 202
- Loneliness**
- Differences in social support and loneliness in adolescents according to developmental stage and gender (Mahon et al) 361
- Low birthweight infant; see Infant, low birthweight**
- Low income; see Poverty**
- Medication**
- Too many medications, too little money: how do patients cope? (Chubon et al) 412
- Meta-analysis**
- A public health nurse's guide to reading meta-analysis research reports (Conn and Armer) 163

Michigan Oral History Project

Uniting the past and the future in public health nursing: the Michigan Oral History Project (Gates et al) 371

Midwifery

Beyond rhetoric: building and achieving community consensus in planning and developing an innovative public health nurse-midwifery education program (Douglas et al) 181

Mississippi public health nurses and midwives: a partnership that worked (Roberts and Reeb) 57

Migrant life

A brief tale of summer (Averill) 127

Models

Community partnerships and medical models of health? I don't think so . . . (Schroeder) 283 (Editorial)

Mothers

Effects of a community health nursing parent-baby (ad)venture program on depression and other selected maternal-child health outcomes (Vines and Williams-Burgess) 188

Influences on mothers' use of clinician help in the infants' first three months (Pridham et al) 80

Native Americans

Culture sensitivity in assessing urban Native American parenting (Seideman et al) 98

Nurse extenders

A primary health care approach using Hispanic outreach workers as nurse extenders (Bray and Edwards) 7

Oral history

Uniting the past and the future in public health nursing: the Michigan Oral History Project (Gates et al) 371

Parents

Culture sensitivity in assessing urban Native American parenting (Seideman et al) 98

Effects of a community health nursing parent-baby (ad)venture program on depression and other selected maternal-child health outcomes (Vines and Williams-Burgess) 188

Influences on mothers' use of clinician help in the infants' first three months (Pridham et al) 80

New fatherhood: myths and realities (Hall) 219

Partnerships

Community care management and the emergence of new partnerships for health (Russell) 140

Community partnerships and medical models of health? I don't think so . . . (Schroeder) 283 (Editorial)

Pollution

The role of the community health nurse in environmental health (Neufer) 155

Pornography

Pornography and abuse of women (Cramer and McFarlane) 268

Poverty

Case management and preventive services among infants from low-income families (Erkel et al) 352

Community analysis: a collaborative community practice project (Barker et al) 113

The impact of home visits on enrollment patterns in pregnancy-related services among low-income women (Bradley and Martin) 392

Pregnancy

Beyond rhetoric: building and achieving community consensus in planning and developing an innovative public health nurse-midwifery education program (Douglas et al) 181

The impact of home visits on enrollment patterns in pregnancy-related services among low-income women (Bradley and Martin) 392

Influencing community leaders toward the promotion of prenatal care at the community level (Kozlowski and Zotti) 343

Mississippi public health nurses and midwives: a partnership that worked (Roberts and Reeb) 57
Promoting prenatal care: what do

community leaders know and believe about it? (community leader beliefs about promotion) (Zotti and Kozlowski) 206

Reducing prenatal risk and improving birth outcomes: the public health nursing role (Schmitz and Reif) 174

Prenatal care

The impact of home visits on enrollment patterns in pregnancy-related services among low-income women (Bradley and Martin) 392

Influencing community leaders toward the promotion of prenatal care at the community level (Kozlowski and Zotti) 343

Promoting prenatal care: what do community leaders know and believe about it? (community leader beliefs about promotion) (Zotti and Kozlowski) 206

Reducing prenatal risk and improving birth outcomes: the public health nursing role (Schmitz and Reif) 174

Primary health care

Community health clinical experiences: the primary care setting (Kemp) 2

A primary health care approach using Hispanic outreach workers as nurse extenders (Bray and Edwards) 7

Professional contributions

Lena Angevine Warner: pioneer public health nurse (Greenhill) 202

Public Health Nursing

Public Health Nursing: the second decade (Shamansky and Graham) 1 (Editorial)

Refugees

The effects of violence on health and adjustment of southeast Asian refugee children: an integrative review (Fox et al) 195

Research

Collaboration in investigator initiated public health nursing research: university and agency considerations (Oda et al) 285
A public health nurse's guide to reading meta-analysis research reports (Conn and Armer) 163

I certify that all information furnished on this form is true and complete. I understand that anyone who furnishes false or misleading information on this form or who omits material or information requested on the form may be subject to criminal sanctions (including fines and imprisonment) and/or civil sanctions (including multiple damages and civil penalties).

Instructions to Publishers

- Complete and file one copy of this form with your postmaster on or before October 1, annually. Keep a copy of the completed form for your records.
- Include in items 10 and 11, in cases where the stockholder or security holder is a trustee, the name of the person or corporation for whom the trustee is acting. Also include the names and addresses of individuals who are stockholders who own or hold 1 percent or more of the total amount of bonds, mortgages, or other securities of the publishing corporation. In item 11, if none, check box. Use blank sheets if more space is required.
- Be sure to furnish all information called for in item 15 regarding circulation. Free circulation must be shown in items 15d, e, and f.
- If the publication had second-class authorization as a general or requester publication, this Statement of Ownership, Management, and Circulation must be published; it must be printed in any issue in October or the first printed issue after October, if the publication is not published during October.
- In item 16, indicate date of the issue in which this Statement of Ownership will be printed.
- Item 17 must be signed.

Failure to file or publish a statement of ownership may lead to suspension of second-class authorization.
